

## NO CORKED BOTTLES EVER... GUARANTEED!

This year's Rosé is the first of our wines to be a part of the DSGC program, which ensures all Domaine Serene wines are free of cork taint... guaranteed! Yet another example of Ken and Grace Evenstad's unwavering commitment to quality, we are the first winery in the world to make a substantial investment in a meticulous, cork-by-cork inspection process, for each and every wine we make effectively eliminating the risk of any corked Domaine Serene wines going forward.

### OPTING FOR CORK, AND BACKING IT UP

*Oregon's Domaine Serene is convinced it can guarantee every bottle*
